Volume 37 Issue 06

Well there's no two ways about it – Summer's finally on its way! That's right, at long last the season of skimpy skirts, bikinis, Pimms, strawberries, hosepipe bans, bank holiday traffic chaos and commuter misery is upon us. Hooray! It's always a happy day for us at *Club* when we can escape the confines of staring at naked babes in our office and get out into the fresh air and spend a bit of time ogling them outdoors instead. Apart from anything else, it makes the whole process of claiming expenses a lot less challenging, and there's something about the sunlight that seems to make the girls even friskier than usual! Sadly so far we've only managed to get out a couple of times, but mark my words, from now on we'll be taking every opportunity we get to grab a girl (and occasionally even a photographer) and heading off into the great outdoors! And if you've got any sense, you'll be doing exactly the same. – The Ed. ♣

DRILLS IN A LONG ONE

The day of our local league cup final is a day, or should I say night, I shall never forget.

It was a cracking game – we, the underdogs, came back from a 2-0 deficit to snatch victory from the jaws of defeat in the last ninety seconds, and yours truly scored the winner!

Afterwards, naturally, we celebrated in true style, necking pints in the local boozer not thirty yards from the pitches, together with a loyal band of supporters made up of girlfriends, dads, wives, mums and other family members.

There was this one girl, Gina, whose dad was in the opposition's team – long auburn hair, fine legs that went all the way up inside her tight white mini-skirt, and a pair of tits that were straining to get out of her tight, long-sleeved T-shirt – that had been giving me the eye from the moment I walked into the bar. And now, three pints into the celebrations, I was all up for confronting her.

I strode over to her, very much the match winning hero and feeling it all the way through.

"Hi," I said. "I've noticed you've been watching me for some time now and I thought it a good idea to come over and break the ice. Was there something you wanted from me or were you just admiring me from afar?"

She said something but it was too loud for me to hear so I leaned forward to hear her better. "I want you," she said into my ear, and her hand immediately cupped my cock and balls in my trousers and gave a little squeeze. No sooner had she grabbed my bollocks than I looked up and caught the eye of her old man, who gave me the same look every other losing team has given me if I've scored that day, but I took it as a green light, as if he was really saying 'go on lad, bang one in hard between her uprights!'...

High on the moment, I took her by the hand and led her outside, onto the pitch.

Out in the open and moving at a rapid pace down the wing, we both began to shed our clothes, laughing our heads off, until we reached the far end of the pitch – the goal mouth that I'd scored the winner in earlier.

Gina turned to look at me and I reached back to grab a couple of handfuls of arse cheek (I'd been watching her run off in front of me and her arse looked so firm and so tight that I wanted to bend her over and fuck her up it on the centre spot!) as she said, "You've scored the winner once today, how do you fancy a repeat performance?"

"Not half!" I laughed, and we began to snog. Gina pushed me up against the goal post and dropped down in front of me. Grabbing hold of my already stiff prick, she licked my bollocks and trailed her saliva all the way up the underside of my shaft before gobbling down my entire length.

"She wrapped her boobs around my shaft and I started to fuck her ample tits, ready to let fly a banana shot!"

As I watched her guzzle on my gear stick, Gina lifted up her T-shirt – she wasn't wearing a bra and her large tits bounced as she noshed me off noisily.

"Go on then, score me a goal between these two posts," she smiled, pulling hard on my cock and tweaking her own nipples. Then she wrapped her boobs around my shaft and I started to fuck her ample tits, ready to let fly a banana shot!

It was fucking fantastic, splashing my jizz all over her tits and pulling away to make sure I got some on her face and then watching her scoop

GOT MY EYES ON YOU!

One of the things I really love about *Club International* is that you always have girls with nice, cute little titties. Lisen though (*Club 37/5*), is by far the sexiest, small-boobed babe I have ever seen! Man, I've hardly been able to check out her fun size norks because my sight gets drawn to her eyes and that look...

How about a warning in your next issue if there are gonna be girls in it that screw up my appreciation of tits by having insanely sexy faces!?

Clayton, Warrington

SWEET ON YOU!

Candy (*Club 37/5*) could be my girlfriend, not that they look the same, but my girlfriend can and does spend whole days sitting on my face!

I ain't complaining, I love the taste of her bald snatch almost as much as I love a Sunday roast! And I'll tell you what, if you're going to spend much of the weekend sitting under a damp slit, make sure you're old lady shaves first, else you'll end up with a rash – and that's experience talking there…

Colin, Sunbury

it all up and eat it before we walked back into the pub as if nothing had happened. And can you guess which goal was more satisfying to score?

Matty, Colindale

SHE'D DO ANYTHING...

When a friend of mine insisted I accompany her to a recording of *I'd Do Anything* last week I was dreading the worse. I've always avoided reality TV, but I didn't have any other plans, and much to my amazement found myself agreeing to go along.

The show was pretty dismal, and to be honest the only thing that kept me there was the girl I found myself sitting next to. She couldn't have been more than 20, and was clearly as disinterested as me at the whole affair. It wasn't long before we'd clocked that we were

You can have the greatest tits in the world or the sweetest booty this side of the solar system, but if you ain't got the bod to go with it, you ain't got shit. Right?

One look at the fine lines of Tina's frame tells us all we need to know, that and the way our palms get all sweaty and our heart rates increase tenfold!

"Does my body really make you get all sweaty?" teased Tina. "So how does it make you feel when I open my legs and pull my knickers to one side, like this?"

It makes us want to throw your legs round our necks and make like a fox in a chicken coop between your thighs.

"Ooh, now you're making me all hot under the collar. I think I should take all these nasty clothes off before I faint. What are you supposed to do when you feel faint, put your head between your legs or put someone else's head between them?"

Someone else's! It was definitely someone else's head! ♣

TOP TEN...

...MOST INADVISABLE PEOPLE TO INCLUDE IN A THREESOME

1) Andy McNab. As a former member of the SAS Andy, of Bravo Two Zero fame, is trained to kill rather than shag and the expression "gang-fuck" tends to mean something very different to him.

2) Charlton Heston. Because he died recently. And, given his opinions as the president of America's National Rifle Association, there's nothing you really want to be "prising from my cold dead hands" in the course of a three-in-a-bed.

3) Ellen Degeneres. On account of her being a ferocious and outspoken bull-dyke who would shear your knackers off with hedge-clippers before she'd join in "the fun". Plus, any "fun" would need to include Ellen's main squeeze, crap actress Anne Heche... another world-famous clam-licker.

4) Mrs Pepperpot. Because the star of the tedious 1970s children's television series spends most of her time shrunk to only six inches in height and there's not much that you and your partner would be able to do with a woman that small, except maybe use her as a dildo or something. Oh, hang on!

5) Rocco Siffredi. While you might like to see your other half getting pronged by the legendary Italian cocksman, he'll almost certainly make you feel utterly inadequate in the sack – and might even turn his bitch-slapping spiel on you.

6) Graham Norton. Need we say more?

7) Nigella Lawson. Because she's starting to looks far too much like her father.

8) Cilla Black. Especially if you or your partner are aged 50+. Cilla's presence would put a definite damper on proceedings. The last thing you want while having a spot of moresome granny sex is Cilla trying to sell you death-duties and burial insurance like she does on all the TV adverts.

9) Blind Pugh, out of Treasure Island. No sane bloke would want a dirty old buccaneer in bed with him and his missus. More pertinent, however, is the very real possibility of you or your partner contracting the Black Spot, a fatal disease which claimed several otherwise healthy individuals in the course of R.L. Stevenson's most famous novel.

10) Signor Guisseppe Bari, the great Italian castrato. Because he's not going to be of any use to anybody in a threesome situation, is he?

both there to make up the numbers, and from then on we made sure we both rolled our eyes and looked dismayed at proceedings whenever we were given the opportunity.

During a lull in the show, I turned to my neighbour and we struck up a conversation. She was a cute little brunette called Karen and apparently she was a distant relation to one of the audtioners. She was from way out in the sticks, and was planning to stay at a hotel, but, spotting a twinkle in her eye, I thought it might be worth inviting her to stay at mine and she grinned and accepted.

Once the show was over, we headed off for a couple of drinks and discussed the programme. However, she quickly made it clear she was hoping her evening would end up better than it had started, so after we'd finished our second we hopped on the tube back to mine. Once there, she wasted no time in showing me exactly what she had in mind. After a frantic snog in the living room, she asked me which was my room and, taking me by the hand, led me off to bed.

Before I'd even got my shoes off she'd slipped off her clothes and dived under the bedcover, where she started writhing about as she played with herself. As quickly as I could I wriggled out of my clothes and joined her, and (ever the gent!) decided to give her a pussy lapping she wouldn't forget in a hurry. Her fanny was quite hairy, but lovely and fresh, and she groaned with pleasure as I pushed my eager tongue between the silky folds of her cunt. Her clit was standing proud, and after a good few laps of her twat I concentrated on that, sucking and nibbling away at her bud while massaging her soaking wet pussy with my thumb.

I've always prided myself on my technique, and true to form, it wasn't long before she started squirming and groaning like a good 'un, and as I continued to slurp away at her clit she suddenly clamped her thighs round my

head and oozed a load of pussy juice all over my tongue. "Right, my turn!" I thought, crawling up between her legs and offering my throbbing cock to her. She clearly knew when a favour needed returning, because she happily slurped my old man between her lips and set to, bobbing her head back and forth as I gently swayed my hips, pushing my cock further and further towards the back of her throat.

Clearly keen to savour my spunk, she reached up and cupped my balls, massaging them frantically until – despite all my efforts! – I felt myself

SEX THERAPY

Right, I know this sounds fucked up, but like Lisa in *Club 37/6* I used to go and see a shrink, a female one, and she ended up fucking me whenever I came to see her! I don't even know how it happened, it just did – one minute I was lying on the couch talking, the next minute, I was staring down at my shrink's face as she guzzled down my cock! It got so bad that I eventually had to find a different shrink because although I was getting plenty of amazing sex, I was still completely fucked up in the head. But the funny thing is, once I stopped seeing her professionally, she stopped wanting to fuck me and we stopped seeing each other completely a few weeks later!

IN THIS MONTH...

54 YEARS AGO:

1954. The world's first nuclear power station opens in Obninsk, near Moscow, astonishing everyone, then and now, on account of the fact that we're all convinced that we invented everything atomic and that the West was the first to harness the power of the domestic energy atom.

84 YEARS AGO:

U.S. President Calvin Coolidge (right) signs Indian Citizenship Act into law, granting citizenship to all Native Americans born within the territorial limits of the United States. Most Indians don't hear about this for years, if not decades, and those who do are utterly puzzled by it since the only real difference it makes is that they're unlikely to be deported from the continental US as illegal aliens, which would certainly be ironic. Several Chiefs ask about opening up tribal casinos and Coolidge tells them he or someone in the government will get back to them in about 75 years.

164 YEARS AGO:

1844: Founder of the Mormon religion Joseph Smith Jr is murdered along with his brother Hyrum in jail in Carthage, Illinois.

At the time, Joe is the mayor of Nauvoo, Illinois, and running for President of the U.S. He's in the jug charged with destroying the Nauvoo Expositor, a newspaper whose first and only edition alleged that Smith had been practising plural marriage and that he intended to set himself up as a theocratic king. Outside their jail, a mob of about 200 armed men, their faces painted black with wet gunpowder, storm in. As the mob is approaching, the jailer becomes nervous, and informs Smith, who replies suavely: "Don't trouble yourself, they've come to rescue me."

Hyrum Smith is shot in the face, through the door, just to the left of his nose. He cries out, "I am a dead man!" (which is obviously a lie at that moment) and collapses. His body receives five additional gunshot wounds before he croaks.

Joseph and his mates Taylor and Richards attempt to defend themselves by batting away the pistol balls with their walking sticks, to little avail, and Smith uses a small pepper-box pistol, except it's a really rubbish handgun and three of the six barrels misfire.

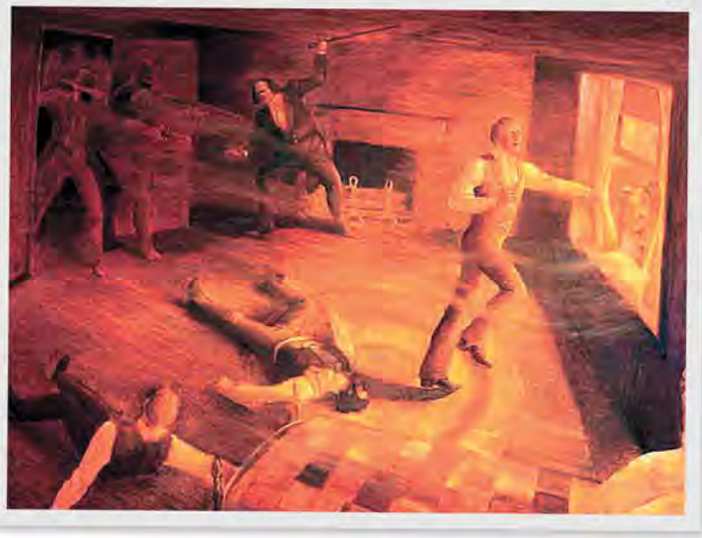
Taylor is shot four times and severely injured, but survived, one shot being stopped by his pocket watch; Richards escapes unscathed when he is flattened behind the door.

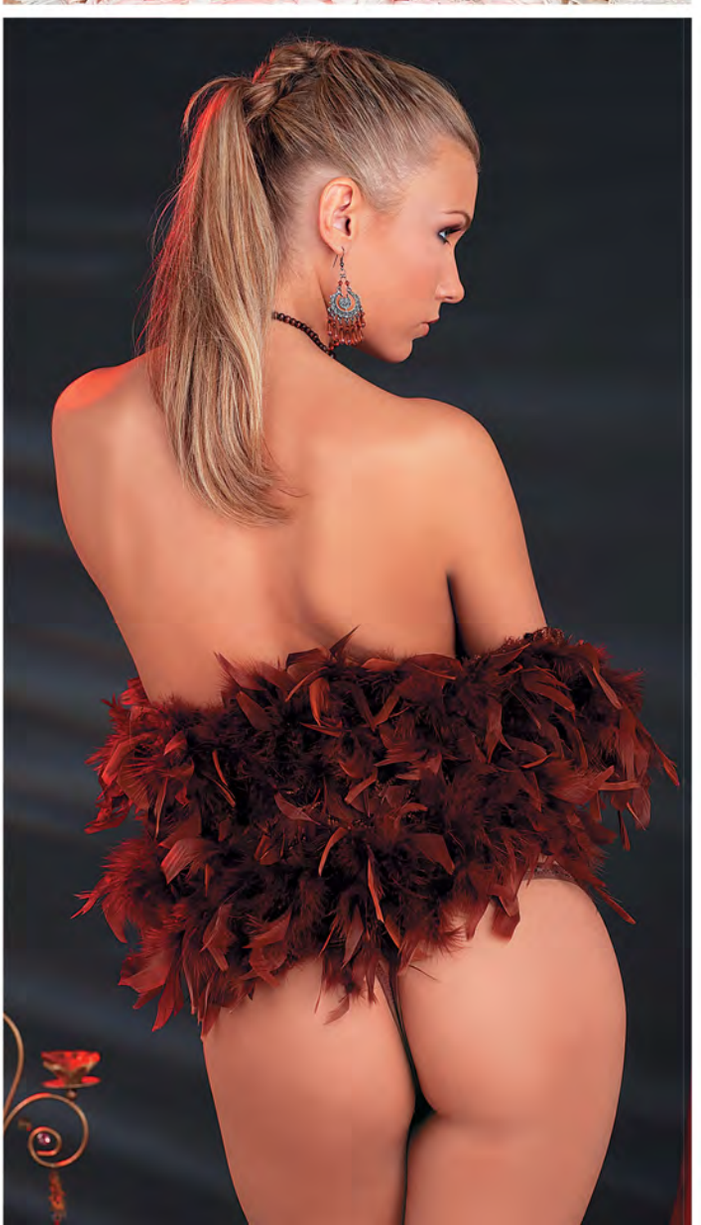
As Joseph Smith runs for the window, he is shot twice in the back and once in the chest.

As Smith falls from the window, he cries out, "Oh Lord, my God!" (Some scholars have alleged, rather bizarrely, that this phrase is a secret Masonic distress signal.)

Amazingly, Smith is alive but mob members assemble a makeshift firing squad, shoot him repeatedly and run away. One account insists that a man tried to decapitate Smith, "only to be prevented by divine intervention" in the form of thunder and lightning.

The afternoon's events leave Smith dead and unable to continue his ministry, placing Mormonism on the back-burner for decades until Brigham Young starts stirring up the shit by going head-to-head with the US government over the passage of Civil War troops through Utah, which he and his polygamous mates have, by then, taken over.





MAY THE NORKS BE WITH YOU!

Is this a Jedi mind trick or is that…

Yeah, alright, we know, these aren't the fabled lost pictures of Princess Leia butt naked, but we had you there for a second, yeah?

This, gentlemen of the galaxies, is the rather fine Michaela, looking good enough to eat (though not in a Jabba the Hutt, cram her all in in one go while laughing sinisterly kind of way).

"You men are all such a bunch of sci-fi nerds!" she mocked. Needless to say we didn't rise to the bait but chose instead to take our revenge in more mature ways – when she had her back turned, we pinched her knickers and hid them in the trash compactor – we mean the Dagobar system – the Deathstar – no! Sorry, sorry, the pub, we mean the pub next door. The Mos Eisley Cantina – no! Look, do you know how hard it is to keep your mind on the job when there's a Michaela parading around in front of you talking about how she's gonna obi your wang up her kenobi!? ♣

Nowt As Queer As Fuck!

FIRING FATAL BLANKS

Here's a very clever program that, unlike most population control schemes, will almost certainly work... Officials in a district of India's Madhya Pradesh state, seeking to establish a practical program to put the brakes on the accelerating birth rate, have announced that all males who volunteer for vasectomies are to be rewarded with certificates bumping them up to the head of the queue to obtain gun permits.

An administrator explained that the thinking was that any perceived loss, through having the snip of "manliness" would be more than compensated for by "an even larger and more potent symbol of the male libido." A big fucking hand-cannon.

Plus, of course, with lots more blokes waving fire-arms around, once the shooting starts, there'll be even fewer people in Madhya Pradesh than there are at present. Yup, altogether it's a win/win situation.

DIRT NAPS ALL ROUND

A 50-year-old Buddhist monk, who had already lost sections of three of his fingers in an accident involving the rotating blades in a lawnmower, was recently killed after another mower escaped his diminished clutches, got away from him entirely, and then somehow turned around and came at him, whereupon he tripped and fell in front of it, slashing his throat on the blades as he hit the deck. And this happened in England, by the way.

Other dramatic and bizarre accidents to have taken place over the past couple of months include a 25-year-old armed robber in Indianapolis, who shot himself in the penis and gonads, point blank, while jamming the gun back into the waistband of his trousers after turning over a convenience store. Police found him rolling in a pool of blood, squealing on the doorstep.

Meantime, in Dallas, Texas, a 20-year-old cretin who was showing off to his mates, miscounted the bullets he had already fired, and, while larking about, blew his own head off by mistake, and – also in Texas – a 47-year-old insurance salesman managed to shoot himself in both legs while hanging up his gun belt in his office cubicle.

And a 26-year-old bloke who accidentally offed himself with a slug through the brain-pan while fumbling to load his new handgun at a firing range in Riverside, California, is also likely to be dead for a rather long time.

HELL, SEND ME TO THE CHAIR, YA CHICKENSHIT LIBERALS

Lots of fun things are going on in Texas at present it seems. Take the case of confessed and convicted murderer Christopher Wilkins, who recently tried to talk the jury and the judge into electrocuting him rather than sending him to prison.

"Look, it is no big deal," Wilkins told the Fort Worth jury. "I'm as undecided as you are." Wilkins even mocked his own lawyers for getting his family into court to beg for mercy: "My lawyer's done sprung that charade on me," he said. Wilkins also told the prosecutor, that he had done "a mighty fine job" and told the jury: "Look folks. I ain't been any good to anybody for the last 20 years, and I won't be for the next 20 or the 20 after that." The jury condemned him to fry...

on the brink of coming. Not wanting to make any assumptions, I pulled out, but Karen was having none of that and dragged me back into her mouth just as my cock began to jerk hot jets of come. Without batting an eyelid she gulped down the lot, grinning up as the last of my seed slithered down her willing throat.

"Without batting an eyelid she gulped down the lot..."

The next day we promised to see each other the following week when she came down for the show again. It was another four weeks before her cousin got knocked out, and I have to say those were the best five weeks of my life!

COOZE CRUISE

I thought I'd write in and share this with you – I've just got back from a booze cruise to France, a quick splash across the channel on the ferry and a van load of booze!

On the way back me and me mate, Gary met these two girls who had been on a day trip to France themselves. I thought it was all gonna be just a bit of harmless flirty fun with two birds while we crossed the channel and that would be it, but ten minutes into the journey, they're only both down on their knees as me and Gary are up on deck, sucking

STICK THIS!

I've lost count of the number of ultra-sexy girls I've clocked in Club over the last few years, and while I wouldn't dream of knocking the likes of Sandy, Teresa, Stella and all the other regulars you've featured, could we see a bit more of Veronica? You want sexy? That girl's got it in spades (or is that clubs?)!

John, Eastleigh

TRAIN Y'ER EYES ON THESE!

I know it sounds like total bollocks because I've always thought that whenever I've read 'I saw so and so in your last issue and she was the spit of a girl I used to screw', but the truth is that I really did have a personal trainer who looked like Samantha's twin sister (*Club 37/5*). The only difference is that I never got to fuck her – but I did catch her sucking off a guy down the alley on the way back to my place late one night! So thanks for the shots of Samantha, they brought back some truly golden memories!

Izzy, Shrewsbury

our fat ones

It was brilliant! I don't think I even listened to the big-boobed brunette that chugged down all my spunk when she told me her name, I was too busy looking at her tits, but I do remember what she said once she'd swallowed my spunk, "That was yummy, just what a girl needs after a day on the beach..."

I'm sorry to say, it was me who came first, but Gary wasn't far behind – he's a dirty bastard, so instead of just letting the chubby blonde who was gulping on his gear stick do it for him, he pulled his cock out and wanked it right into her face, spunking all over her! She had jizz in her hair, on her face, on her shoulder, all over her T-shirt – she was furious and they both fucked off after that and didn't see us again for the whole trip!

Is there a better way to empty your sack, to be sucked off by a strangers who leaves you alone right after and never sees you again?

POWER OF JEN!

Are you man enough for the ultimate test?

Treat these pages as if they were a test of strength. There you are, strolling along, minding your own business (*for 'minding your own business' read 'playing pocket pool'*) when suddenly you find Jenny, butt naked, lying on the path in front of you, writhing around like she was just going to go completely mad if she doesn't get a good healthy dose of man meat in the next ten seconds. Woah, woah, hold it sunshine, that's not the hard part. The hard part is that you've promised the love of your life you'll be at her Gran's 60th birthday at exactly 5 o'clock and you've only got another ten minutes to go.

So what are you going to do? Come on, have a good look at Jenny lying on the path there, reaching out for you with longing in her eyes.

Tricky, isn't it? On the one hand – ding dong! – Jennifer, oh Jenny. On the other hand, nuts in a vice and the end to blow-jobs for a month.

What's the answer then, oh sage that is Club? Bloody obvious, innit – you've got ten whole minutes before you've got to be there! Friends, porno dogs, countrymen, are we not men? Can we not get it up, in and over faster than it takes a woman to buy a new pair of shoes? Can't we? What do you mean that's not normal? ♣

This Month: TRAVEL TECH

Planning your hols, but worried you'll miss out on your techie fixes while you're ogling boobs in Santorini? Well fear no more - pocket-sized help is at hand!

Airports are shit, travelling is shit. But they needn't be so bad...

Audio Technica ATH-ANC3 QuietPoint

Price: £70

www.audio-technica.com

Personally, I'm constantly surprised there isn't more trouble at airports. Being trapped in a soulless Limbo cesspit with only over-priced booze to keep you level is enough to turn anyone homicidal. And if, you survive the airport, there's the flight to contend with – countless hours of recycled air hell, replete with screaming children and vacuous air hostesses who couldn't mix a decent G&T if their life depended on it – which it clearly should.

So how do you escape this fresh hell? Why with these cunning little buggers, the *ATH-ANC3* earphones from Audio Technica. But, rather than you having to just turn up your music to a deafening level to drown out the plebs around you, these sexy little swines are actually Active Noise Cancelling earphones! Each ear-piece contains a microphone that records the ambient noise around you. Got that? Okay, then they create a noise-cancelling wave 180° out of phase with the ambient sound. Still with me? Good. The result is that up to 85% of all that audio crap around you is completely eliminated, leaving you free to enjoy your music at a comfortable level, with stunning clarity, and without having to hear about the low-brow sexual antics of the slack-jawed air-gulper from Hounslow sat next to you.

Solar Technology Globe Trotter

Price: £50

www.solartechnology.co.uk

There are many reasons for going green: to save water; to save resources; to save animals; hell, even to save people. But for me it comes down to one thing and one thing only: to save money. Frankly, I'm sick of being charged like a rhino for the mains power or batteries I need to power my gadgets... so now I don't pay! But don't panic, I ain't turned thief, guv. No, I now use the *Globe Trotter* from Solar Technology.

TASTE TESTERS!

8 out of 10 boners prefer…

CAROLINE & MORGAN

PHOTOS: STEVE COLBY

Do you have a preferred way to eat pussy? Maybe you like to suck on the fleshy fruit from beneath or perhaps you're more of a man on top? Shit, you're probably undecided, aren't you? Well never fear, Caroline and Morgan are here to do all the hard work for you!

"Caroline's got a really nice pussy, excellent for getting your face in," says Morgan. "I really like eating her out when she's lying on her back and she has her legs wrapped round my shoulders, but I think the best way to eat a pussy is from behind. Not only do you have total access to her cunt but you also have the freedom to give her ring a little flick. Plus, from behind they have no idea what you're doing so they feel a little more vulnerable and that makes it so much more sexy…"

"Yeah, I agree, I love having my pussy eaten from behind and I love to eat pussy from behind," chirped Caroline. "Morgan's cunt tastes best when it's getting fucked by a fat dick from behind while I'm lying underneath – there's nothing that beats the taste of semen mixed with pussy juice!"

So there you have it, proof positive that the best way to eat pussy is from behind! How do you eat yours? ♣

The Joy of X

Some bible-bashers don't believe in evolution. Perhaps Mitsubishi's new offering will make them think again...

The appalling new Subaru Impreza, once the speed demon's saloon of choice but now a carbuncle on the wheelarch of torque, has left the way clear for the firm's arch-rival, Mitsubishi, to lap up all those disappointed buyers aghast at the Impreza hatchback. Because the latest generation of the storming *Lancer* – the *Evolution X* – is better than ever.

The *Evo* now stands alone in this class with its four-door bodystyle, but that doesn't mean Mitsubishi's designers have been complacent. The newcomer looks even more attractive than the *Evo IX* – while previous generations have been evolutions of the car before, the *X* was designed from the ground up. And somehow, the styling gives the impression that it's smaller. It's not: the car is a bit bigger, at 4,505mm long by 1,810mm wide, with a 2,650mm wheelbase. But the more compact appearance is testament to the refined, less fussy approach the design team followed. Where the old car had all manner of tacky spoilers glued on, this model's shape is more convincing.

That's not to say it's lacking in muscle, though. The jet fighter-style radiator grille leaves you in no doubt about the *Evo X's* high-performance intent, as does the dramatic bodykit and mandatory huge rear wing. And as you'd expect from a car in this sector, saving weight was key for the engineers. So the bonnet, roof panel, front bumpers and rear spoiler structure are all crafted from feather-light aluminium.

Inside, a significant step forward has been made. The plastics have a higher-quality feel throughout – they're still not as solid as those found in a top German competitor, but the *Evo* cockpit is no longer cheap and nasty. A soft-touch dash and clear dials set it apart, while the three-spoke steering wheel is good to hold. Bucket seats hold you firmly in place, and provide a wide range of adjustment to give an excellent driving position.

Mitsubishi is making a big fuss about the fact that the *Evo X* is a class leader in terms of technology – this is certainly true when you look through the standard equipment list. A nine-speaker, 650W Rockford Fosgate sound system will drown out the intoxicating engine note, while advanced sat-nav, Bluetooth hands-free, adaptive headlamps and automatic lights and wipers are just some of the highlights.

MITSUBISHI EVO X FQ-360

Engine: 2.0-litre 4cyl MIVEC turbo • **Power:** 354bhp • **Torque:** 492Nm
0-62mph: 4.1 seconds • **Top speed:** 155mph • **Price:** From £35,499
Contact: 0845 070 2000, www.mitsubishi-cars.co.uk

The main focus of this hi-tech approach is found under the beautiful new bodywork. The phrase 'rally car for the road' is used too often, but you really could tackle the harsh forest tracks of South Wales in this new beast, as the tally of advanced driver aids never seems to end. The Super All-Wheel Control system debuted on Mitsubishi's 80s rally cars has been honed and tweaked over the years so that it continues to set the pace for driving dynamics. It comprises an active centre differential, which optimises front/rear wheel torque split to give the best balance between traction and steering response. Also included is Active Yaw Control, which adjusts the amount of torque being sent to the rear wheels according to the driving conditions and an active stability system. Drivers can even tune the S-AWC set-up to normal, gravel or snow settings.

It's all hooked up to a brilliant new engine. In the range-topping FQ-360, the 2.0-litre MIVEC turbo delivers a huge 354bhp and 492Nm of torque to all four wheels. That enables it to propel the *Evo X* from 0-62mph in an amazing 4.1 seconds and on to an electronically limited 155mph top speed. The power is transmitted through a five-speed manual box or a twin-clutch SST set-up, although whichever you specify, immense driver involvement is guaranteed.

As the engine is constructed largely from aluminium, it's 12kg lighter than the previous unit. That means the car has a lower centre of gravity. Add in the weight savings achieved with the use of the ultra-light metal in the bodywork, and the *Evo X* delivers 40 per cent more torsional rigidity and 60 per cent more cornering rigidity than the *Evo IX*.

"Every single control is brimming with feel"

Out on the road, this translates into breathtaking handling. The levels of grip through tight bends are staggering, the body remains beautifully controlled no matter how hard you push the car and the steering is full of chatter. You know exactly what the *Evo X* is doing, as every single control is brimming with feel.

This was also true of the previous car, but you could never turn it off – and that made the *Evo IX* incredibly tiring to drive and thoroughly inaccessible. Yet the newcomer manages to combine its immense talents with much greater composure and comfort. You still know you've driven a super-saloon, but if you want to take it easier, the *Evo X* will allow you to. It's a much better balanced car for it.

Just like George Foreman, Mitsubishi is so proud of its new super-saloon, it put the *Evo* name on it. And the *X* is more than worthy. It takes driver involvement to a new level, yet adds a dose of practicality and accessibility – plus a nod to emissions and efficiency – that simply wasn't a feature of previous incarnations. This is a car that will no longer suffer in the shadow of the Impreza – the *Evo X* is a car that will show the Impreza that the sun now shines out of a new exhaust. ♣

BARE YOGI...

There are many benefits to learning yoga – a suppleness you'd previously thought only contortionists had, a balanced mind and a healthy body. But even better than these are the benefits that come with having a yoga teacher as your lover!

"I've had dozens of boyfriends," says Yogi Jane, "and each and every one of them has been fascinated by my job. By which I mean that they all, to a tee, have asked me if there are any sex yoga positions! I don't mind them asking, it's just one of those things, but I've learnt that it's best to take advantage of them while I've got a little bit of power over them! Once they've asked me about sex and yoga, I tell them that for me to teach them the yoga positions for earth shattering sex, they first have to eat me out every night for a week until they've learned how to make me come with just their tongues, then I tell them there's no such thing as yoga sex positions!" ♣

BARK AT THE POON

A young man goes to the doctor with his pregnant wife. "Doc," he says, "I'm worried about my wife."

"Don't be, young man, she's perfectly healthy. Tell me what's bothering you."

"I'm worried about us having sex now that she is pregnant."

"Yes, many father's-to-be express concerns over sex during pregnancy but perhaps this simple guide will help: during in the first three months, do it the normal style. Over the next three months, do it doggy style and in the last three months of her term do it wolf style."

"Wolf style?" says the man, "What's wolf style?"

"Sit outside the hole and howl!"

HOLD THIS!

One night, Dave and his wife, Claire, are getting all amorous when suddenly Claire says, "I don't feel like it, I just want you to hold me."

"What?" says Dave.

"You need to be in tune with my emotional needs as a woman," she moans.

The next day, Dave takes her shopping at a big department store, getting Claire to try on three very expensive outfits. Of course, she can't decide which one she prefers, so Dave tells her to take all three of them. Then they go over and get matching shoes worth £200 each, followed by a set of diamond earrings.

Claire cannot believe what is going on.

"I'm ready to go now, let's get to the till," says Claire.

Then Dave stops and says, "No, I don't feel like buying all this stuff right now, I just wanted you to hold it for a bit. You need to be in tune with my financial needs as a man."

PRIZE JOKE!

EASY AS ONE, TWO, THREE...

Three years into a relationship with a shit-hot, randy-as-they-come blonde bimbo, Mark finds that he's suddenly unable to get hard for her no matter what she tries or who she invites into their bed.

So, being the level-headed guy that he is, he goes to see his GP. After talking extensively with him and sending him for a variety of tests, Mark's GP reports that there is nothing physically wrong with him and that it is all in his head. Thus, Mark is sent to the psychiatrist. After a few visits, the shrink confesses, "I am at a loss as to how you could possibly be cured, normally there is a root cause for such sexual problems but with you I can find nothing out of the ordinary, perhaps you should see a witch doctor..."

So off he pootles to see the local head-shrinker who says, "I can cure this, no problem."

Tossing a mysterious powder into the fire, the witch doctor pronounces over the purple smoke, "This is powerful healing magic, but you can only use it once a year. All you have to do is say '1, 2, 3' and your horny devil will rise for as long as you wish."

"What happens when it's over?" asks Mark.

"All you or your partner has to say is '1, 2, 3, 4' and it will go down. But be warned; it will not work again for at least another year."

Mark goes home all excited about the evening's fun, planning to surprise his missus with his new cock trick.

Lying in bed with her on that very same night, he says, "1, 2, 3." And suddenly a massive boner rockets up out of his PJs.

His wife, wondering what he's doing, turns over and says, "What did you say 1, 2, 3 for?"

"Once, I even walked into the room he was watching it in and sat down on the floor in front of him with a dildo and started to fuck myself with it, but all he did was moan that he was watching the bloody football!"

NAME: Karen **AGE:** 24
VITAL STATISTICS: 34B
WHAT'S SHE LIKE? Always hungry for it!

WHY DID YOU WANT TO APPEAR IN CLUB?
I'll try anything at least once. It was my boyfriend who jokingly suggested it, but the idea turned me on and now I'm here.

TELL US A FANTASY
It sounds crazy, but I have always fantasised about being fucked in an open-topped Cadillac driving through the Mojave Desert. It would have to be with two guys because one of them would have to be fucking me from behind as I was holding onto the top of the windscreen while the other drove!

WHAT'S YOUR MOST EXCITING SEXUAL EXPERIENCE?
A couple of years ago I was shagging a guy in a bedroom at a party when everyone burst into the room. But instead of freaking out, I got more turned on by it and ended up sucking him off and letting him come on my tits and face with everyone cheering!

IT SOUNDS LIKE SEX IS PRETTY SPONTANEOUS FOR YOU!
Yeah, I guess you could say that. I'm still discovering what I do and don't like to do with my body and other's, but I know by now that I do like an audience and I do like surprises…

SO IF A READER RECOGNISED YOU TOMORROW AND CHATTED YOU UP?
Well, that depends. If he was cute and if he had a fantasy that I liked the sound of – he'd have to tell me it first – then I might just help him to live it out. Otherwise, sorry boys, I've already got a boyfriend and he's got just about everything I need from a man, all eight inches of it! ♣

The Club International

Stereo of Filth &

Brought to you by Club's drug-addled music madman DJ Radio Jamaica

COLDPLAY

Viva La Vida (Parlophone)

Have Coldplay taken a leaf out of Radiohead's book and done something interesting to their latest bag of tunes? Well, with production coming from Brian Eno, you might have hoped for a load of bells, electronic whistles, and a bit of Belgian trance – but no such luck. Still, Coldplay is what it is – music to get you to sleep when you're on a long flight or bus journey and you've run out of Valium.

THE ROOTS

Rising Down (Mercury)

Every hip hop pussy on this planet foams when exposed to The Roots – making them necessary iPod fodder. This is their 10th album – with tricks on the microphone coming from DJ Jazzy Jeff, Mos Def, and some prick from emo rockers Fall Out Boy. So get the girls listening to Rising Down and watch your cock rising up – hopefully into the backs of their throats.

CUT COPY

In Ghost Colours (Modular)

You can't beat a bit of Australian gay electro pop – especially if it increases your chances of getting some clean shaven Australian minge. Sounding like a cross between label mates New Young Pony Club and the legendary Denim, Cut Copy definitely know how to throw a fiesta. Stick this on the stolen stereo and bang your girlfriend all night long.

RIFLE

Lay In Bed (Portland)

According to a friend of the band, Rifle used to wank over a copy of Club before and after every gig – so that they could shag groupies for that little bit longer. Imagine Black Rebel Motorcycle Club doing Doors covers whilst getting sucked off by a few Club girls and you're half way there. Marvellous!

ELLEN ALLIEN

SOOL (Bpitch Control)

The queen of one of Germany's finest techno labels has cranked out her fourth studio album – and it's a cracker. Minimal all the way, this is a one way ticket into the Marks & Sparks knickers of a very stylish young lady. Result.

ELECTRIC EEL COCK!

Tell us a story that involves fingering girls.

Lady fingering is totally the same with how to play the guitar. Use five fingers at the same time – always girls likes shred. I have a very good technique about it because I can play the guitar very well.

Gian hasn't a clue because he is a drummer. I have told him fingering is not about using the clitoris as a snare drum! Kazuto is also very bad because bass players do not respect the guitar even, let alone the lady – his big fat fingers will giver her blister!

Can you remember the first time you fingered a girl?

It was a long time ago, I felt like I was in Cosmo, it was so beautiful, lovely, bloody marvellous! She was professional, she worked in "Soap-land" that is the most popular place to shag in Japan.

Classic! What crazy jobs have you done in the past?

I was a professional competition fisherman – I still write for fishing magazines and go on Japanese fishing TV (I am double super star!), the bass player was a designer and our drummer made false teeth… I think our manager, Bob Slayer, was a double glazing salesman before we met him and probably not a very good one.

Nice. Have you ever had any encounters with the Police?

Our drummer, Gian, was arrested in Hong Kong for getting naked on stage – he likes to play in just a sock. The promoters warned him not to but of course he did it anyway – he would have probably been okay had it not been plastered all across the HK tabloids the next day – the police came to arrest him at the festival the next day and Bob Slayer tried to hide him in an ornamental fountain – it did not work and he was two days in the police station and half a day in court… but when he came out there were so many girls wanting to sleep with him – they love big naked criminals in HK and now when we play there we play massive venues – I think HK see Gian as their very own Pete Doherty.

Minus the smack. Where is the best place on this whole damned planet?

In my room in Osaka, my home town because I have a lot of my Bukkake porn video collection in there!

Bukkake is the future. Do you like shaven or bushy?

Most definitely shaven… because I want to check it properly… If they are bushy I have to make Bob Slayer check them first.

Have you ever had any really nasty accidents?

Hmm, I mean it depends what you call nasty – I have many accidents but all of them are nice I think – I have had sex with a fat girl which was quite nasty, but then I did that on purpose so maybe it does not count!

Tell us about a time when you were completely scared shitless.

I have not been scared ever! I am brave! Like a lion, like a puma, like a fat clitoris, I told you even when I was in a post-coital car hanging by tree, I sang "Climb the mountain we can fly"…

Cheers Aki – you sure can!

Love!

TEENAGE ZOMBIES: INVASION OF THE ALIEN BRAIN THINGYS!

(Ignition) *Nintendo DS*

★★★

The Big Brain and his band of alien brain thingies has decided to conquer Earth, which is not a particularly Big Brain thing to do since the Earth is 'fucked' (*The Earth And Its Fuckness – Global And Warming, 1992*) so maybe it's a small brain wearing a big brain suit like some Wizard Of Oz creep.

Anyway, as is the way in games, he's won that battle before you even get to touch a button, and the earth is left in the hands of the undead to save. You're undead yourself, btw, so what's the worse they can do to you?

So be it, *Teenage Zombies: Invasion of the Alien Brain Thingys!* is a stylish, comic book platformer. Not the biggest of challenges on the DS but with the added attraction of a puke attack and some between level brain training guff. Take it on the train, turn it up loud and keep puking…

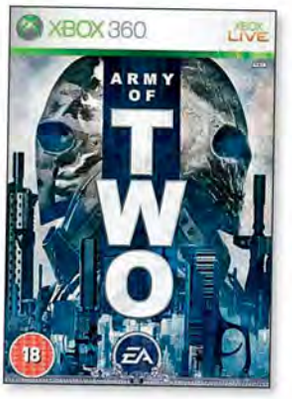
ARMY OF TWO (EA Games)

Xbox 360, PS3

★★★★

Stumbling out of the pub and staggering back to your place, leaving a trail of sick your mates can follow so that they can all bundle into your living room and end up hating you because you spend the rest of the night slaughtering them on Halo is all very well, but soon they'll stop coming round because they've grown sick of the sight of you. So why not stop shooting them all in the back of the head and introduce them to *Army Of Two*?

Doing away with the head-to-head style favoured by every shooter this side of Columbine, *Army Of Two* asks you to actually get on with your mates and team up to form some kind of pissed-off, ex-military duo hell bent on killing for money. Yeah, there's more to it than that but you'll only really want to play it when you've got a mate round…



KING OF CLUBS (Oxygen Games)

Nintendo Wii

★★

First Wii Sports and then Tiger Woods made it clear that the Wii platform worked pretty well when it came to golf – let's face it, you've actually got something to swing, which beats thumb twiddling. But where do you go from there? D'oh – crazy golf, of course, and that, once you've got past the peculiar costumes, dinosaurs and stuff, is what we've got here.

Now what with this being a video game, there's a bit more to it than trying to knock a yellowing old ball between the blades of a windmill with a hired putter – the holes here are a little more fanciful. And by getting better you can fork out for a better club, and even different balls. Visually it's okay, and there's room for personal development, but the question remains – who's want to while away hours of their time playing crazy golf with Elvis impersonators?

TALKIN' BLUE

Got an experience to share? Then send it in to Talkin' Blue at the usual address and if it's up to scratch you'll bag yourself £50!

BLAST UP HER PAST!

Back in my squaddie days the chances of going home for a weekend were slim, but when they came, you took 'em by the balls.

A couple of years after I'd joined up, I came back home for a weekend, fully intending to hook up with all my old mates. Seeing the lads again was great, as was hitting all the old watering holes – it was in one of these that I saw Linda again for the first time in ages.

I used to fancy her like mad back in the day, but I hadn't seen her since I'd left school at 16. Now here she was, 21-years-old and sexier than ever!

She had the cutest dimples when we were teenagers – she still had them now but they had combined with a look she carried in her eyes that was pure sex. All I could think about was how good would she be in bed.

She recognised me straight away and instantly commented on my muscles – years in Her Majesty's Armed Forces will do that for you! I'd be off at the end of the weekend, back to base, and I wouldn't be coming back home for at least another year so I went straight in with: "I used to fancy you in school."

And when she confessed the very same thing to me, I knew I was in! But you've got to do all the right moves, play the game so to speak – didn't someone once say that the fun was in the chase? I told the lads that I was staying put for the night and pointed out Linda to them,

telling them I'd meet them in the pub tomorrow lunchtime and then I was off on my mission, sweeping Linda onto the dance floor, giving it some silky steps, buying the drinks, making sure she was having a good time. No surprise then, when it came to home time, that Linda invited me back to hers.

While I'd been away, I'd learned a few things and was eager to share the knowledge with Linda – I had no doubt that with her having never left town, she had led a bit of a sheltered life – fuck, was I wrong!

pussy and nuzzled her clit.

Linda took my dick out of my mouth and pushed it up against my stomach, licking it from the tip right down to my balls and then sucking gently on each one. That felt so good I had to kneel up and watch. All I could see was her chin and tongue as it lapped at my bollocks, her sweet fit body stretching out in front of me – time to fuck her properly, I thought.

I climbed off her, ready to fill her up with dick, and she rolled over onto her front, sticking her arse up in the air and spreading her legs wide.

of me and turned around. She took my dick in her hand and began to suck on it hard and fast, looking me in the eye the whole time, moaning round my helmet. The sight of that pretty mouth with those large, sexy eyes, all wrapped round my cock, was amazing and I held on for as long as possible before filling her mouth with acres of spunk *(Eh? – Ed.)*.

I'm glad to report that she swallowed all of it and said she'd want more of it before I could leave – I wasn't going anywhere!

Terry, Glamorgan

"Linda took my dick out of her mouth and pushed it up against my stomach, licking it from the tip right down to my balls..."

We're up in her bed, both naked, and I've got her legs up over my shoulders and my tongue up her sopping wet fanny, giving her the best tonguing she's ever had, when she tells me to stop and turn around. For a minute I was completely confused – turn around? Then it clicked, she wanted me to kneel over her face as I licked her out so she could suck on my cock! Result.

I looked down between my legs just in time to see Linda's lips engulf my helmet, damn if that didn't feel fucking perfect. I eased myself further into her mouth and she took it happily. Slowly, I began to fuck her mouth and at the same time I pushed two fingers inside her

"Why don't you fuck me like this, you big army stud?" she teased. Grand, I thought, that arse looks ready to eat! I climbed in behind her and pushed my cock into her slippery hole. Grabbing hold of her by her hips, I pulled her back onto my cock, making her fuck me instead of the other way round until I was so horny for it I was slamming myself into her as well as pulling her onto my cock.

That was good, that made her come, screeching like a cat, one hand between her legs, frigging her clit, the other pushing against the bedstead.

I was all ready to blast my wad inside her tight cunt until she wriggled out from in front

THE FRIENDLY WANK

Ely and Francesca are two very fit, horny friends of mine that I hang out with a lot and I'm always envious of the guys they pull in the pubs and clubs around Sutton. They work together like lionesses on the hunt and always get their prey, even the married ones. The hunt's easy – a few drinks, some flirty giggling, a flash of inner thigh, a fleeting glimpse of gusset, cleavages rammed down the throats of their willing victims and the men are putty in their painted claws. They know it, too.

Ely is a gorgeous petite blonde, slim, soft round hips with a pert arse that just begs to be fucked. She has large, gravity defying breasts

with a deep cleavage – perfect for ramming your cock between, but her best assets by far are her sultry eyes and sensual smile. An instant erection giver when used on any man, which she loves pointing out. I've even seen a vicar squirming to hide his obvious arousal!

Francesca, on the other hand, is a delicious redhead and takes the lead in all their joint conquests. She's tall with shapely long legs, smaller breasts than Ely but with nipples like teats on a baby's feeding bottle – those of us who know her know to keep our distance whenever she's feeling horny because you can end up losing an eye!

As a mate, I never thought I'd get to sample the delights these girls had – I lusted quietly to myself and occasionally wanked off thinking about them but that was it, until New Years Day, 2008.

We had been out all night, drinking, and the girls had been flirting as usual, but to my amazement they had not pulled, so we headed home together. We stopped at Ely's for a nightcap and Francesca asked me what I wished for most in the New Year. As a joke, I said I'd like to know what it was like to be preyed upon by two girls like them. They both giggled and asked if I wondered why they had failed to pull that night. I knew instantly – fuck me, was this really going to happen?

Taking the lead as always, Francesca straddled me over the chair I was in. Slowly she slid her dress up over her hips until her bulging

"Francesca was moaning now and slopping cunt juice all over the place"

camel toe, hidden behind pink cotton panties, was right in front of me. Ely kneeled behind me and opened my jeans, flicking my full eight inches, hard as a rock, into the open.

She gasped and said, "Very nice." Pulling my foreskin back and forth, she whispered in my ear how she wanted to see the come pump from my cock. Francesca had removed her dress completely now and boy was she excited. Her huge nipples were at action stations and a small damp patch had appeared on the front of her knickers. Reaching forward, I pulled those damp knickers down to her knees. I sat and gazed at her beautiful fanny lips, glistening and protruding from her red bush while Ely wanked more furiously on my shank. Moving my hand toward her pussy, I wanted to insert a finger into that beautiful cunt but Francesca pushed my hand away, ordering me to keep my pervy little wandering hands to myself. Then she reached down and parted her plump, wet lips, showing me her cock hole and letting me smell that beautiful snatch. I wanted it so badly but I was under orders.

She began to play with her clit, rubbing her cunt nipple up and down and left to right, then she put her wet fingers on my lips and let me suck them. Wow, she tasted good. Ely's skilled cock wanking had grown more vigorous, and so had Francesca's clit flicking. They seemed to be rubbing in time and then Ely whispered these magic words in my ear, "Come for me, baby."

Francesca was moaning now and slopping cunt juice all over the place, I couldn't take it any more and I shouted out I was going to come. Ely's wanking suddenly switched to ultra-frantic while Francesca's button rubbing became almost a blur. It was as much as I could take. I arched my back and my cock twitched before pumping spunk into the air. Ely gasped as jets of white come gushed out, splashing onto Francesca's cunt and falling into the gusset of her panties still around her knees. She rubbed the big globules of come into her fanny and then pulled her panties up while Ely bought the wanking to a gradual stop.

The girls poured more drinks and told me they would never fuck me and ruin our friendship, but as a one off New Year wish, a good wank was fine. It was more than fine, I said!

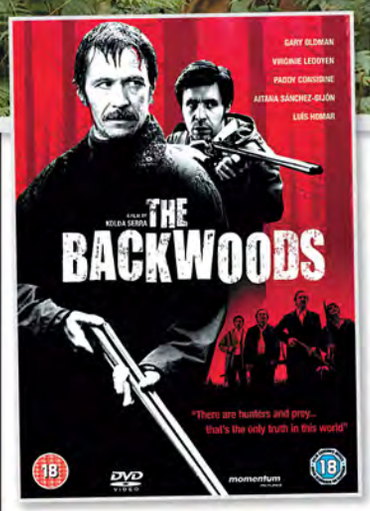
OFF YOUR HEDONIST

Forget Film 2005, or whatever it's called these days, if you want groovy movies, then look no further...

RATINGS: ★ THEY GET PAID FOR THIS? ★★ NOT EVEN FOR GIRLS ★★★ WATCHABLE ★★★★ BUY ME! ★★★★★ FUCK ME!

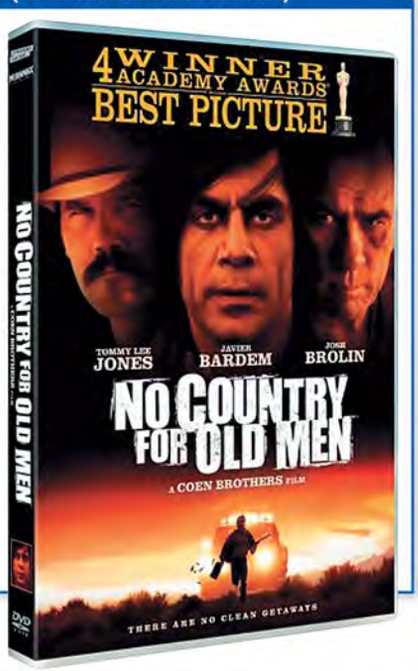
The Backwoods (Momentum)



Ah, if only we had a pound for every "Folk stray/holiday in some unfamiliar surroundings and come unstuck thanks to some hidden horror" movie we'd seen! Still, if a formula works, there's no need to tinker with it too much, and thanks to the sure touch of director and co-writer Koldo Serra, this is definitely at the classier end of the spectrum. It's a Spanish/British co-production, with Paddy Considine and Virginie Lesoyen starring as a couple who go to visit their chum (Gary Oldman) and his missus, who live in the back of beyond in the Basque region. So far so middle class and twee, but things all start to go tits up when they stumble across an imprisoned girl and try to do the right thing. With shades of *Straw Dogs, Deliverance* and *Dead Man's Shoes*, this is an atmospheric thriller that keeps the thrills coming. ★★★★

No Country For Old Men (Paramount Home Entertainment)

The Coen brothers picked up a hatful of Oscars for this, so it's a pretty safe bet that it's an accomplished piece of filmmaking. Josh Brolin and Tommy Lee Jones both shine as a chancer out to pocket the loot from a failed drug deal and the cop out to save his arse respectively, but it's Javier Bardem's implacable killer that makes the deepest impression – it's a mesmerisingly creepy performance. In many ways it's a bit old fashioned, but the directors have fashioned a memorable film with a bleakly metaphysical subtext. Even so, the ending might leave you a little dischuffed. Just like real life, in fact. ★★★★



Bloodrayne (20th Century Fox)

Transferring much-loved video games to the big screen can be an extremely risky business – gamers are often pretty hard to please, and film critics tend to look down their bespectacled noses. So it's no surprise that this adaptation pretty well bombed when it opened in the States – and didn't get a cinema release here at all. And from one point of view it's sodding easy to see where things went wrong – the dialogue and the acting are both fairly stilted, while for the most part the cast is far from stellar. Still, if you can get past that and enjoy a bit of Hammer-style nonsense, you'll probably sit through this happily enough. ★★

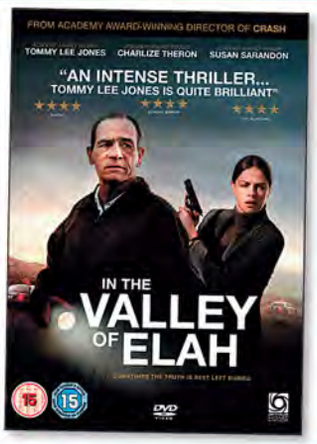
The Good Night (Momentum)

Thanks to his turn in *The Office*, Martin Freeman's been given a few cracks of the cinematic whip, but he's never quite convinced. In this he plays a former pop star who's now writing ad jingles, whilst dreaming about a fantasy girl who's none other than Penelope Cruz (well, we've all done that). You'd think the fact that his daytime girlfriend is Gwyneth Paltrow would be good enough for him, but clearly not! Fellow small-to-big screen graduate Simon Pegg is also on hand as Freeman's ex-bandmate, meaning there's a strong cast. That said, your missus will probably want to watch this more than you. ★★★

Welcome to the Jungle (Optimum Home Entertainment)

Move on, Guns'n'Roses fans, there's nothing for you here. This is a modern re-treading over *Cannibal Holocaust* territory, with a plot that takes its cue from the real-life disappearance of Michael Rockefeller, the youngest son of super-rich Nelson. Because when Michael vanished in 1961 he was in cannibal infested New Guinea, speculation has been rife ever since that he was captured and eaten, and this flick follows two couples who, nearly 50 years later, head off to track down the mystery. D'oh! Do you think they'll come to a sticky end? Still, at only a certificate 15, it's not as deranged as its notorious animal slaying predecessor. ★★

In the Valley of Elah (Optimum Home Entertainment)



FROM ACADEMY AWARD-WINNING DIRECTOR OF CRASH
TOMMY LEE JONES CHARLIZE THERON SUSAN SARANDON
"AN INTENSE THRILLER... TOMMY LEE JONES IS QUITE BRILLIANT"
IN THE VALLEY OF ELAH

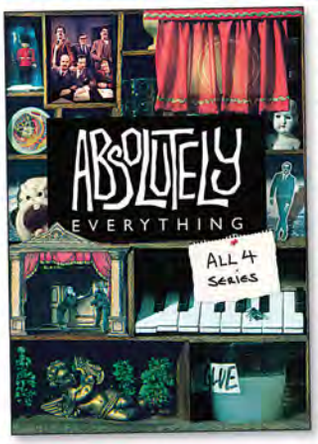
DVD

Oh, and here's another Tommy Lee Jones flick that ended up with an Oscar nomination – and this time it was for Tom himself for Best Actor. Examining the impact on the Iraq war on American society, it follows Lee Jones's Hank Deerfield as he tries to find out what's happened to his son who's gone missing – not in action, but while home on leave. It is, apparently, 'inspired by actual events', although whether that just means there really is a war going on in Iraq is not clear. Still, with Jones ably supported by Charlize Theron and Susan Sarendon, it's a powerful and worthy enough effort. ★★★★

Absolutely: Everything! (Fremantle Home Entertainment)



Anyone who was old enough to stay up till 9.30 in the early 90s should remember this one – Absolutely coined a fair few playground catchphrases, and along with Naked Video made up a double whammy of prime Scottish comedy, featuring the likes of Jack Docherty, Morwenna Banks and (the admittedly Welsh) John Sparkes. Perhaps the most memorable thread was the regular meetings of Stoneybridge's town council, in which they were forever extolling the virtues of their town, but this whopping eight-disc set is packed full of stuff that'll come right back to you as soon as you see it again. Oh, and there are plenty of extras, too. ★★★★

Tipple X

Each issue, purely in the interests of investigative journalism, Club's dedicated team will be tracking down and taste testing some premium booze just so we can give you the lowdown. This month, blue is the colour, curaçao is the name...

Monin Liqueur de Blue Curacao

What...

Don't be confused by the colour – curaçao is an orange flavoured liqueur originally developed on the Caribbean island of the same name. It seems that 500-odd years ago some Spanish Conquistadores stumbled across the island and, after shrewdly dragging the locals off into slavery, decided to plant some oranges there. Over time these oranges went all native and developed into the bitter Larahas strain, whence crafty boozers finally realised a rather respectable tipple could be derived.

Why...

Why is it blue, you mean? Erm, no particular reason other than it makes it quite flashy looking, and suitable for eye-catching cocktails. In its original form curacao is clear, although you can also get it in orange, green and red. Blue seems to have become the most popular, though, if only because there are already plenty of drinks available in those colours.

Where...

On a sun-kissed beach on the island itself, ideally, although that's probably a fairly costly way of doing it. Otherwise, if you're in cocktail bar and you want something to match your shirt, or are just sick of all the chocolate flavoured vodkas you've been chucking down your throat...

When...

Why not save it for when you and your Trekkie mates are having a convention, and you need an outlandish looking blue drink to sup in the futuristic recreation area that otherwise passes for your kitchen?

How...

Try a Bluebeard's Favourite – shake 1oz each of curaçao, vodka and gin with ice, then add a few drops of lime juice. If that doesn't get you up and at 'em, you're clearly a lilly-livered landlubber.

Who...

Papa Smurf, when he's feeling off colour, or Captain Kirk when he's trying to get into some cute alien chick's tin foil knickers.

CHEEK TO CHEEK

I've had anal sex plenty of times but the one particularly time I'm thinking about right now was a bit special. My girlfriend, Ashleigh, is a randy woman in the classic 'right goer' sense – she's perfectly happy to fuck anywhere and at anytime, so naturally I have shagged her up the brown on plenty of erotic occasions.

It was last summer, the weather was so shit that we'd had very little opportunities for outdoor fucking and we'd decided to try and spice things up a bit by getting one of her mates involved – Karen. Karen was a big and bouncy redhead who usually only liked to get intimate with Ashleigh while I watched but on this day, I have no idea why, she asked me to join in…

There we were, in our bedroom, and Karen was riding Ashleigh's face and fucking my girlfriend with a big rubber dildo that we always kept at the ready on the bedside table. I was quite happy watching these two get into some serious lesbo pussy eating action, trying not to put my hand down my trousers because I was saving a sackful for when Karen had finally had her fill of Ashleigh's sweet pussy and made room for me, when Karen breathily

invited me to come over and join them.

It was such a surprise that I had to ask her if she was sure before I stripped off and climbed up on the bed beside them both, rubbing my hand over Ashleigh's clit as Karen pushed her tongue into my mouth – I could taste Ashleigh's distinct flavour on this girl's tongue…

Karen reached out to touch my cock, feeling it gently from my balls to my tip, letting it rest in her hand, and I cupped one of her voluminous breasts in my palm and toyed with her jutting nipple.

Looking down, I caught sight of Ashleigh slipping a finger up Karen's ginger twat just as she said, "Are you finally going to let my boyfriend get inside this juicy pussy?"

"If I could girls, I'd be inside both of your sweet cunts at the same time," I said, and I meant it. Then that gave me an idea, if I could get both of them on their hands and knees in front of me, side by side and cheek to cheek, I could switch between each of their pussies whenever I felt like it. So I told them both to get into position and be ready to get fucked good and hard, with no warning!

Karen presented her arse to me first and I split her pussy lips apart with my fingers before ploughing my thick meat up her tight, red cunt. It felt good to be inside her at last, after a year of watching her get fucked by Ashleigh, and she rode me like she loved it, slamming her cunt back against me with every thrust, her ring piece winking at me, smeared in her pussy juice. I reckon Karen had been gagging for a bit of my cock for ages because she only went and came as I was banging her – I hadn't even slipped it up Ashleigh yet!

Karen, spent, fell forward onto the bed and lay there, breathing hard as

"'Fuck me in the arse,' she whispered over her shoulder, smiling seductively…"

I turned my attention to Ashleigh. "Fuck me in the arse," she whispered over her shoulder, smiling seductively and wiggling her bum at my dick. I grabbed the lube and smeared it all over her ring as she reached back to spread copious amounts of it over my cock. Once ready, I drilled my dick up her anus just how she liked it, slapping her bum a good few times to get some colour into those cheeks!

By now Karen had got her breath back and was lying on her side, watching us fuck and feeling Ashleigh's cunt, probably fingering her hole or toying with her clit, I couldn't tell. But, just as Karen had done before her, Ashleigh came suddenly, making me wonder if this fuck-fest was going to be a very short and disappointing one after all.

"How about it, Karen?" asked Ash when she had come down from her reverie. "Are you going to take it in the arse? You should try it, it's incredible – Stewart's really good at filling you right up…"

"Okay, I'll try it," she said, offering me her virgin territory. I could not believe the luck I was having! But instead of getting up on her knees, she lay flat on the bed, face down, and spread her cheeks apart for me, her tight little hole looking most inviting. "Go on, you randy bastard, stick that fat cock up my arse and take my anal cherry."

Ashleigh coated her friend's anus in lube,

"I watched Ashleigh finger my spunk into her friend's anus and carry on toying with her arsehole…"

slipping one of her fingers up Karen's ring and fucking her with it just to get her ready for my eager shaft, and I fingered her cunt, getting Ashleigh to suck on my dick and balls as we both toyed with Karen's holes. Watching Ashleigh finger this babe's arsehole got my dick all jealous so I squatted over the prone redhead and dunked my wick up her rudest of pipes.

This girl had one of the tightest arses I had ever fucked and the sounds coming from her mouth made it clear that she'd suddenly discovered just what she'd been missing out on. I eased my dick in all the way and squatted there with my cock all the way up her arse as Ashleigh fingered her cunt and leered at me. "Are you going to fuck her like you fuck me?" she asked. "Karen likes it a bit rough at times, don't you Karen?" and she fingered her pussy hard and fast.

"Oh yeah!" wailed Karen, "Fuck me, fuck me!"

Well, who am I to refuse? I began to slowly screw her bum, relishing the insane tightness of this virginal arsehole, spanking her cheeks as an afterthought while Karen pulled hard on my tightening ballbag.

When I was finally ready to empty my sack, I told Ashleigh to hold Karen's cheeks open for me and I wanked my dick off all over her gaping ring and juicy, wet cunt. As I slowly wanked my dick after exploding, I watched Ashleigh finger my spunk into her friend's anus and carry on toying with her arsehole as she told Karen that she was ready for more pussy eating. "Come up here and sit on my face, I want you to dribble that spunk all over me," she purred, clearly ready for more action. I sat back and watched as these two randy babes carried on fucking each other, Ashleigh drinking down my spunk and stuffing her fingers up Karen's twat as Karen ground her clit into Ashleigh's nose, and my dick began to rise again.

Since then, whenever Karen comes over for some sexy fun, she almost always asks me to fuck her up the arse – in fact I don't think she's asked me to fuck her pussy for months!

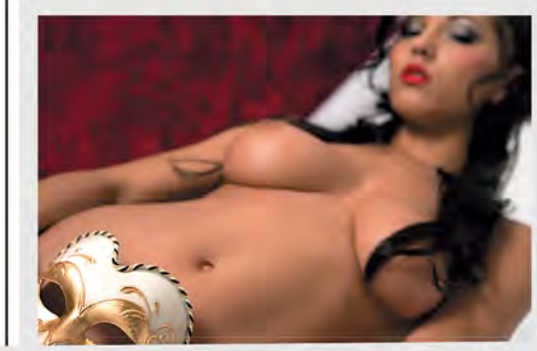
Maskerade (Dreamlight Studios)



British producers Dreamlight have been going for a little while now, and *Maskerade* is a nicely enough produced offering, featuring quite a few British girls mixed in with some top Euro talent. Elizabeth Lawrence kicks things off, sluttishly playing with herself and a big red toy before tackling some cock. It's fairly classy stuff, with a nice pop over her tum to end. Then it's time for Michelle B to get in the middle of a double pronging, which features too much of the blokes' arses for my liking. A couple of girl/girls next, including another Brit coupling of Elle Brook and Suzie Best, before Angel Long's cock-slurping finale. Moody lighting makes this a good one to share with the missus. ★★★

Porn in the City (Private)

Hey Look, that's Chanta on the front – so I think we'd better check it out! Based ever-so-loosely on the similarly named TV series, this involves the girls sitting around chatting about men and shopping, intercut with scruff. Diana Gold gets the balls rolling with a fantasy about getting DPed by a couple of bikers. Then, after Lucy Lee takes a frantic bumming from a gangster, it's Chanta's turn, sharing a whopping double-ender with Angel Dark. Back to boy/girl next, as an obviously dubbed Seline gets a spit-roasting. Last scene's a good 'un too, with Lucy and Vanessa sharing a cock in a police cell! ★★★★

The Art of Sex (vivthomas.com)

Don't be put off by the black and white cover – they haven't gone stupidly arty on us! What we have here is five boy/girl scenes featuring some beautiful girls getting screwed romantically by their studs-du-jour. There's no nastiness, so raincoaters had better stay away, but if you're looking for something to watch with the other half to get her in the mood, this should do the trick a treat. With girls like our very own Lucy and foxy Mya Diamond in the mix, there's plenty of eye-candy on display, and *Club* favourite Josie's also on hand to offer her thoughts on, ahem, lovemaking technique. It's porn, Jim, but not quite as we know it. ★★★

Stella

...where to stick it!

PHOTOS: 21st SEXTURY PICTURES

Bedtime, is there a better time of day than bedtime? Whenever I get into bed I can't help but get all horny – too many years associating bed with nice, fat, hard cocks waiting for me! And get a load of this bed – this looks like it would have more than just one cock waiting, in this bed I could have a really dirty threesome!

Yeah, with a nice rich couple. Have you ever noticed how rich pussy tastes different? With dicks it all depends on the man, no matter what he's got in his wallet, but with pussy the richer it is, the better it tastes! Or maybe that's just me…

The last time I fucked in a bed like this I spent three days having my pussy and asshole licked and fingered by a very rich couple who made no secret of their desires for me – they even asked me to move in with them and live in the lap of luxury in return for a taste of my snatch every day! Nice as the offer was, I don't like to be tied down to anyone, a girl like me likes to get around and see the sights!

But that didn't stop me from enjoying all they had to offer for three days – I have this undying memory of looking down to see them both tonguing my holes for all they were worth – awesome! ♣

HOT UNDER THE HOOD

And we ain't talkin' about no engine, neither!

PHOTOS: NICOLAS SAGE

It's hard to believe, seeing how eager Michelle is to get right down to her birthday suit as fast as she possibly can, that clothes are actually for wearing, and not for scattering on the ground around you in some pretty fashion, as if the mess you leave on the floor is a reflection of the inner you.

"I love to get naked!" she squealed, whipping her panties clean off and jumping up and down excitedly (so her lovely little dukes danced the fandango for us). "Don't you? You know, the feeling of the sun's hot rays on my nipples is so erotic, and that's nothing compared to when I lay on my back on the grass, open my legs and let the sun shine on my pussy – it's amazing what a little heat can do for a girl's clit. Do you wanna see?"

And with that she dropped to the floor and showed us that there is indeed nowhere that the sun don't shine – just places it needs your help to reach! ♣
